Lil Eddie

When a day is said and done,
In the middle of the night and you're fast asleep, my love.
Stay awake looking at your beauty,
Telling myself I'm the luckiest man alive.
'Cause so many times I was certain you was gonna walk out of my life.
Why you take such a hold of me, girl,
When I'm still trying to get my act right.

What is the reason, when you really could have any man you want,
I don't see, what I have to offer.
I should've been a season, guess you could see I had potential.
Do you know you're my miracle?

I'm like a statue, stuck staring right at you,
Got me frozen in my tracks.
So amazed how you take me back,
Each and every time our love collapsed.
Statue, stuck staring right at you,
So when I'm lost for words
Every time I disappoint you,
It's just 'cause I can't believe,
That you're so beautiful. (Stuck like a statue)
Don't wanna lose you, no. (Stuck like a statue)

Ask myself why are you even with me
After all the shit I put you through?
Why did you make it hard so with me
It's like you're living in an igloo
But baby your love is so warm it makes my shield melt down,
And every time we're both at war you make me come around.

What is the reason, when you really could have any man you want,
I don't see what I have to offer.
I should've been a season, guess you could see I had potential.
Do you know you're my miracle?

I'm like a statue, stuck staring right at you,
Got me frozen in my tracks.
So amazed how you take me back,
Each and every time our love collapsed.
Statue, stuck staring right at you,
So when I'm lost for words
Every time I disappoint you,
It's just 'cause I can't believe,
That you're so beautiful. (Stuck like a statue)
Don't wanna lose you, no. (Stuck like a statue)
And you're so beautiful. (Stuck like a statue)
Don't wanna lose you, no. (Stuck like a statue)

Every single day of my life I thank my lucky star,
God really had to spend extra time, when he sculpted your heart.
'Cause there's no explanation,
Can solve the equation,
It's like you love me more than I love myself.

I'm like a statue, stuck staring right at you,
Got me frozen in my tracks.

So amazed how you take me back,
Each and every time our love collapsed.
Statue, stuck staring right at you,
So when I'm lost for words
Every time I disappoint you,
It's just 'cause I can't believe,
That you're so beautiful. (Girl, you are the reason,)
Stuck like a statue. (The reason for living,)
Don't wanna lose you, no. (The reason for breathing)
Stuck like a statue. (You're so beautiful)
And you're so beautiful. (And I want you to feel it)
Stuck like a statue. ('Cause so bad I'm needing)
Don't wanna lose you, no. (You're the reason for breathing)
Stuck like a statue. (You're so beautiful)

When a day is end and done,
And in the middle of the night you're fast asleep, my love...

I'm the luckiest man alive.
