Talking down the shit gon get real ugly

I know I sound country, don't get the wrong idea, I got 9 awards,
Plus artist southern year, now how you love that, I'm still moving
in use,
Hundred thousand, plus my underground music, I told my nigga screw,
I'm bout blow it up, he said I'm down with you Lil' Flip sew it
up,
So I did that, with no T.V., just imagine when I get on B.T.
Cause I'ma fuck it up, like a bad wreck, I got money so I never
write
A bad check, I wear baggets, I ride tree cutz, and I'm a C.E.O.
So I make bigger bucks, haters don't like me, but they won't fight
me,
Cause they know I got my desert eagle right by me, so if you go
t flex,
Nigga be about it, I ain't Master P but you go see about it
