

I just fell in love with a bad bitch
Told me that she love me too, baby I'm not havin' it
Sniffin' cocaine cause I didn't have no Actavis
Smokin' propane with my clique and the bad bitches call me Cobra
in
She can see the pain
Look me in the eyes, girl we are not the same
Bitch I make it rain on my side bitch, shout out to my main
Fell in love once and I've never been the same

Lil Tracy, I used to rob, but I shop now
Comin' up, I might get recognized when I walk around
Coolin' with Lil peep, lets hit the mall tomorrow
I'mma mix some American Eagle with some Ralph Lauren
I got a bad bitch who is good to me
Baby I see passion in your eyes when you look at me
I'mma show you off like some Louis V
Coke lines on the mirror, snort a line for me

I just fell in love with a bad bitch
Told me that she love me too, baby I'm not havin' it
Sniffin' cocaine cause I didn't have no Actavis
Smokin' propane with my clique and the bad bitches call me Cobra
