

Nose Ring

Lil Peep

We had all of it planned out
Babygirl, what the fuck is the plan now?
We had all of it planned out
Babygirl, who the fuck is ya man now?

Hellboy baby I stand out
Go to hell, boy
Bitch I got bands now
I'm about to throw it all away just to see you today
I tat your name on my face
Love me baby its okay
You don't love me you in love with the gold chains
Fuck me baby its okay
All I do is young bitches and cocaine
Shined up baby its no shame
Watch yo bitch throw it back while you throwing shade
Lined up lookin like Cobain
Drugs drippin off of my nose ring
Lil peep bitch I'm a no name
But its a lot of shit that I don't say
Like I been on my hustle the whole way
I ain't never quitting there's no way
I know you see me making my own lane
Hellboy I'm killing the whole game

We had all of it planned out
Babygirl, what the fuck is the plan now?
We had all of it planned out
Babygirl, who the fuck is ya man now?
