Lil Peep

I use to dream of you  
Nah ,I use to lose my sleep for you  
But now I see right through  
And everybody wanna fuck with me  
But I'on fuck witch you  
I use to scream at you  
Nah, I use to turn my cheek at you  
But now I need you too  
And everybody give a fuck 'bout me  
And I ain't nothin' to you  
I'm just lookin' at my life while it go down the drain  
I got pain in my brain, but I don't never complain  
I'm insane I'm deranged,I see your face at the rain  
This ain't no race for the fame, but at this pace I'ma make it  
Face it, you basic, LiL Peep you're replacement  
I'm takin' your spot  
I'll give it back when I'm rakin' the gwap  
Maybe not  
I keep on checkin' statements  
I'm checkin' for payments  
While you checkin' ya plays bitch

I been doin' my own thing lately  
I been holdin' my own thing for safety  
I don't pick up the phone till they pay me  
They askin' me how it feel,I say it's crazy
