Pick me up, pick me up and drive around
Pick me up, pick me up and leave this town
Pistol on my side when she's not around
Bitch I, bitch I wanna die when you throw it down

Pick me up, Pick me up and drive around
Pick me up, Pick me up, We'll leave this town
Pistol on my side when she's not around
Bitch I, Bitch I wanna die when you throw it down
She said she ain't never coming back
She ain't never coming back
I ain't never coming back bitch
Now they wanna put me on a track
Can't put me on a track
Can I put u on my tracklist?
I'd rather watch you bleed to death
Than..
See you leave just like the rest..
Damn..
