

Sex with My Ex

Lil Peep

Fuck me, like we're lyin' on our death bed
I can feel that sudden emptiness
I'm here to grant your one last wish
So, fuck me, like we're lyin' on our death bed
Hear the sadness in your laughter
She's afraid of what comes after me, true love

I don't know when I'll be back in town
All I know is that she'll wait around, for me
All I know is that she'll hold me down (all I know is that she'
ll hold me down)
My girl keeps all ten toes on the ground, for me
I can feel it, I can feel it now
I can feel you watchin' after me, holdin' my breath
Catch a feelin'
Catch a feelin' now
I still feel your skin all over me
Sex with my ex

Fuck me, like we're lyin' on our death bed
I can feel that sudden emptiness
I'm here to grant your one last wish, so
