

shame on u

Lil Peep

Cut my ties and hold my breath
Let the tie do all the rest
What if life comes after death
Grab my knife I-

Cut my ties and hold my breath
Let the tie do all the rest
What if life comes after death
Grab my knife, find out myself
All the nights I spent on you
All the lights inside my room
All the fights that we sought through
Fool me twice put the blame on you
(Cut my ties and hold my breath
Let the tie do all the rest
What if life comes after death)
Grab my knife, find out myself
All the nights I spent on you
All the lights inside my room
All the fights that we sought through
Fool me twice then its shame on u

Where did you go this time
What if I lose my mind
What if I make you cry
What if I die
What if I end my fucking life
