

The Song They Played (When I Crashed Into the Wall)

Lil Peep

I don't wanna die alone right now
But I admit I do sometimes
These drugs are calling me, do one more line
Don't fall asleep
This is the song they played when I crashed into the wall
This is the girl I told that we could have it all
This is the life I made and I can't go back to fall
Back to fall, Back to everyone I ever knew at all
Back to small town blues, and not a clue of what's going on
Back to old routines, and wedding rings
And living at the mall, yeah
I don't wanna die alone right now
But I admit I do sometimes
These drugs are calling me, do one more line
Don't fall asleep
This is the song they played when I crashed into the wall
This is the girl I told that we could have it all

Baby I'm a drug, You're addicted to my love
I thought you were the one but you were just another one
Call me hellboy, I got fire in my blunt
Don't call me emo, Don't call me punk
I'm a vampire, Bitch I'm counting money up
I'm with Lil Peep yeah we hotter then the sun
You should tell your boyfriend stop tryna be like us
Tatted on my face baby, I don't give a fuck

I don't wanna die alone right now
But I admit I do sometimes
These drugs are calling me, do one more line
Don't fall asleep
