

# If Only

Lil Rob

"I want you to know that  
I can't let you go" -  
Damn, baby  
If only we had met just a little bit sooner  
Then you wouldn't have to deal with that guy  
You know what I mean {"I know" - [Linda Jones]}  
Yeah

Hey, I don't know him  
I don't like him, been hurting you for quite some time  
How could you be a sad girl when you're so fine  
Get that fool off your mind (Get that fool off your mind)  
I know, that I can do you better than he can (Better than he can)  
I may not wear no diamond rings  
And I might not sport a bunch of fancy things  
But there's one thing that I know  
That I can do you better than he can  
Now I don't mean to interfere  
If you wanted to, I'll respect you and stay clear  
It's just I know  
That I can do you better than he can  
So if you got nothin' to do  
You wanna try someone new, let me be the one you look to  
Because I know  
That me and you can ourselves a lot of fun this weekend

"If only (Oh, baby, baby, baby, baby)  
We had met sooner  
We should have met sooner  
If only (Darling, darling, darling, darling)  
We had met sooner (Sooner)" -  
You ain't next to him, when you should be laying next to me  
Guess I gotta pay the agony  
If I wanna have your ecstasy  
I know, that I can do you better than he can  
It can't be hard to take his place  
Let me know if I'm out of place, like the smile on your pretty face  
I know  
That I can do you better than he can  
Let me turn your frown around  
I mean, upside down, pick you up and  
All he does is let you down  
I know, that I can do you better than he can  
You really got nothing to lose  
Make that fool old news, let me be the one you choose  
Because I know  
That he's been treating you like you're not even breathin'

"If only (Oh, baby, baby, baby, baby)  
We had met sooner  
We should have met sooner  
If only (Darling, darling, darling, darling)  
We had met sooner (Sooner)" -  
How could you let him do  
All them things that he does to you (What he does to you)  
Hey, come on girl, you know that love ain't true  
I know, that I can do you better than he can

I mean, what's he got that I don't got  
Besides that big ass pad and that Benz on twenty-fours in the parking lot  
Shit  
I can still do you better than he can  
See, I saw you crack a smile  
When's the last time you made him smile  
Baby doll, I know it's been a while  
I know, that I can do you better than he can  
You really got nothing to lose  
Make that fool old news, let me be the one you choose  
Because I know  
That you should leave him and don't even give him a reason

"If only (Oh, baby, baby, baby, baby)  
We had met sooner  
We should have met sooner  
If only (Darling, darling, darling, darling)  
We had met sooner (Sooner)" -  
"Yeah, yeah  
Oh yeah"
