

Molly By Da Gram

Lil Wyte

Yuh, Lil Wyte
Caskey
The Avengers
YMCMB white music motherfucker

Now I usually wouldn't admit to this but right now we gonna get trippy
The molly up a gram at a time it'll get you hittin quickley
Follow that with a bottle of water
Little bit of OJ to feel this harder shit
I'm rollin now, rollin now, rollin now
Smoking on OG white kush I got it growin up in Ann arbor
Threwed, me and Caskey up in this bitch
Getting faded without the parlor
Sit, my bag is full of powder
We ain't fuckin round with that caine
Bitch it ain't even for sale, it's personal but you don't slay
Hittin the game and I do this here
Only do molly when it's that peer
Panama City bitch, we gon run it
Plus slim BZ's and beer
Quarter leak on, the party go on until the morning
I be on the move when I'm in my zone and
I'm a tear it a while and then the rest of em
Get whatever I want whenever I want it
That molly, it got me going now I'm seeing double
The average motherfucker would see these things
And all of a sudden they'd be in trouble
I love it, it need a lot more rum but I think I'm comin down
It's WYTE the party animal and hanging with molly's where I'll be found

Eat molly by da gram, eat molly by da gram
Eat molly by da gram, eat molly by da gram...
Eat molly by da gram, eat molly by da gram
Eat molly by da gram, eat molly by da gram...

Yea yea

I made a molly song 2 years ago
Man I'm over that, back to selling quarter pounds of kush out of MacDonald's
Said decapitating rappers lately, aggravated by the haters
Acting like we haven't made it, leaving crowds captivated
White poor rappers trappin daily, ridin round and they be crazy
Real street dudes, I ain't never signed no affidavit
Pull up to the party, well just take a molly
They call us the molly gang, they know that we retarded
And they say my crew is breaking off, bitch boy won't take a loss
Strawberry cough I'm blowin, only thing that makes me cough
Tell that bitch to take it off, is she double A?
That means no clothes at all, baby shake it all the way

Eat molly by da gram, eat molly by da gram
Eat molly by da gram, eat molly by da gram...
Eat molly by da gram, eat molly by da gram
Eat molly by da gram, eat molly by da gram...

I eat molly but I don't need molly
Rollin up by the street with Dali

And it's dilating my eyes, man
5 grams, I pop one em slinging 5 ends
Vaccination, man it's captivating when my plans unfold
Man I be selling dope for the longest
Lil Wyte put me on some bomb hits that got me feel like I'm rollin
How we been livin? We call that feelin relentless
I'm a get cocky, in love with the bitches 'cause of my business
Rolling round with these fixes and a ounce of dro
Cop one and buy something hoe
Are you a castle in flow? You ain't pronouncing the no
That's like a drop in the O
I'm a be out with some mo
Need you to be up with yo bros, talkin game
That Jelly Roll say a word and ya'll come up off yo chain
We takin that, some trips you go to flip a script and don't make it back
And I hate for that shit to happen
Jamaican racks what I'm rollin up in the backseat with a white bitch
The wife show me just last week
And I'm bout to smoke me a gram off of her ass cheek
She say she...

Eat molly by da gram, eat molly by da gram
Eat molly by da gram, eat molly by da gram...
Eat molly by da gram, eat molly by da gram
Eat molly by da gram, eat molly by da gram...
