

Is It Just Me

Lila McCann

Lately I've been stumbling over my words
When I talk to you I get nervous
And I rehearse how to say hello
When you call me on the phone
And when you over at my house
Watching TV sitting on the couch
Just hanging out
I catch you staring at me with that silly grin
Are we just friends
Or is there something going on
Can you feel it to

Or is it just me
Feeling this way
Am I the only one that senses
Something going on behind the scenes
Or is it just you
The way that your are
That I can't resist and you can't help it
Baby are you falling in love
Or is it just me?

Maybe you just a harmless flirt
And it safe to rest ashore
That it's absurd the way my brain
Will over analyze
And when my head begins to rush
Every time I think of us hooking up
I get the feeling that this feeling be real
Or what's the deal?
Is there something going on?
Can you feel too?

Or is it just me
Feeling this way
Am I the only one that senses
Something going on behind the scenes
Or is it just you
The way that your are
That I can't resist and you can't help it
Baby are you falling in love
Or is it just me?

who's pulse is pounding
Whenever you near is it hot in there
Or is it just me?
Or is it just you
The way that your are
That I can't resist and you can't help it
Baby are you falling in love
Or is it just me?
