

A Time Is Near

Lilly Wood & The Prick

I only walk in parks in my head
I only go so far as to never get framed
I'm sure a time is near when I can go through life
Escaping from no cage

And when I never think about age (No, no, no, no, no, no)
And where boys always return my calls (Hey, hey, hey, hey, hey, hey)
And when rain doesn't ever pour (No, no, no, no, no, no)
And when the end is nowhere near (Hey, hey, hey, hey, hey, hey)

I only walk in parks in my head
I only go so far as to never get framed
I'm sure a time is near when I can go through life
Escaping from no cage

And where my heart doesn't ever hurt (No, no, no, no, no, no)
And where my legs seem so much longer (Hey, hey, hey, hey, hey, hey)
And where mourning is just real (Hey, hey, hey, hey, hey, hey)
And where superficial tears only run down comedian's cheeks

I only walk in parks in my head
I only go so far as to never get framed
I'm sure a time is near when I can go through life
Escaping from no cage
