

Down The Drain

Lilly Wood & The Prick

Break me Up
Tie Me Down
Tear Me Down
Make Me Feel Like a Little Dog

Why don't you rape me now
And hit me now
Make me Feel Like I'm Nothing at All

I wait for you
Wait for you to kill everything
I have inside
Destroy Everything I have inside

You and me we're a waste
We're a waste, we're a waste
And we're going Down the Drain
Down the Drain Down the Drain

We're a waste
We're just a waste we're just a waist
And we are going Down the Drain
