

I Hate You

Lilly Wood & The Prick

I'm sorry but it's ok to be mad
There are so many things I need to say to you
You broke it, you broke it, you broke me
Now fix it, now fix it, now fix me

I don't forgive you, I hate you
I don't forgive you, I hate you
I don't forgive you, I hate you

It's a mistake that you made me do
I ask for nothing but for you to leave
Now face it, now face it, now face me
Go to hell, go to hell, go to hell

I don't forgive you, I hate you
I don't forgive you, I hate you
I don't forgive you, I hate you
I don't forgive you, I hate you
Hate you
I hate you
I hate you
