

# I'm Lost

Lilly Wood & The Prick

This is a love that can't be undone, I'm lost now  
Was it supposed to last more than a second here, and a second t  
here?

You're the only one I wanna turn to  
I only ever feel like I do with you  
I have faith in me like [?]  
I never wanna be for two  
You're the only one I wanna turn to  
I only ever feel like I do with you  
I have faith in me like [?]  
I never wanna be for two

Is there a way you can forgive all I've done now?  
Punished your world, all of the seven sins (sins, sins)

You're the only one I wanna turn to  
I only ever feel like I do with you  
I have faith in me like [?]  
I never wanna be for two
