

# Family Man

Lily Allen

I know that you love me  
Though I'm young and stupid  
I am wild and ruthless  
You're better off without me  
I am more than selfish  
I am tired, I'm helpless  
If I had the time of day  
I might give all my days to you

It's not always easy  
Being a family man  
Baby, don't leave me  
I'm just doing what I can to get by

I've come to the land of the free  
I've let loose, I'm faithless  
I am lost and chain-less  
Don't go forgetting me  
I don't like most people  
But I'm scared, not evil  
Every day has its challenges  
I just never know what day it is

It's not always easy  
Being a family man  
Baby, don't leave me  
I'm just doing what I can to get by

I know we're gonna pull through  
But darling I need my time away from you  
I hope we're gonna make it through  
But darling I need my time away from you
