

Inappropriate Behaviour

Lime Cordiale

I was on the road to meet you halfway
Yeah I was on my way to a face to face
But I don't see how you take it
You never try to smile
Falling at your feet daily
But now I know you're just makin' faces to not offend

Don't treat me dumb
Trying to see it both ways
That friend telling you "better you watch your weight"
But I don't see how you take it
You never tried to smile
You've fallen for that "friend" again
She's what I say
A manipulator

It's just inappropriate behaviour
To put those ideas in your head
Anyway to sway you in her favour
Madness is the love that I'm gonna get

Have I ever once treated you bad or nasty
Before you talked with your friend you never did complain
Now she takes the cake for
Putting words in your mouth
She's never even met me baby
But I forget that when her words are coming out of you

You're saying you need space for no god damn reason
Is this how it ends? Has it come to this?
But I know you know how to take it
Just nod and smile
You're still calling her day to day
She's what I say
A manipulator

It's just inappropriate behaviour
To put those ideas in your head
Anyway to sway you in her favour
Madness is the love that I'm gonna get

I was on the road to meet you halfway
I was on my way to a face to face

You never see me smile
I'm falling at your feet again
She's what I say
