

Lean on Me

Limp Bizkit

My world, your world
Angry, happy
Downward spiral
System breakdown
Nauseous, panic
Bring on Havoc
So reach out with patience
And hold me while I hold you

I can't solve your problems today, oh no
But you can lean on me now

Distance grows fonder
Sincere I wonder
Lover or ally
Cleanse me, don't try
Torture, cave in
Bruise me 'til I say when
Cuz I've got no patience
So hold me while I hold you

I can't solve your problems today, oh no
But you can lean on me now (2x)

I don't ever wanna see you cry no more, no more (4x)
No more, no more, no more, no more, no more

I can't solve your problems today, oh no
But you can lean on me now (2x)
