Limp Bizkit

It's not my mind - [5x]  
Yo J  
And I get a little bit  
Your veins flow with poison  
Please acknowledge my present  
This precious gift that I behold discarded like trash  
To dominate, it's in your nature, you selfish brat  
I can't believe you had me strung out all over you like that  
One minute you're sweet the next minute you're sour  
I taste the envious predictions, change with each hour  
I've seen this before, you even decided to step into my little world  
Strange things occurring  
Happening over and  
Over and over again  
Now bitch you are cruelty  
You bark your orders with such a degrading dialect  
I can't believe you had me strung out all over you like that  
One minute you're sweet the next minute you're sour  
I taste the envious predictions, change with each hour  
I've seen this before, you even decided to step into my little world  
One minute you think you're all this  
The next minute you think you're all that  
But your playin' with the nova  
Momma didn't show ya how to take it, you can by the man  
When it's over i'll be hunting you down  
Waiting for the pay back, your frown  
Begging me for your mercy  
I ain't down with the sympathy you see  
And I always remember your tender love  
Wipe me under the rug  
Just so you can step on my spine  
I'm gonna get mine - [2x]  
Please dont wake me  
I'm gonna get mine  
I wish I was wasted  
I'm gonna get mine  
Please dont wake me  
I'm gonna get mine  
I'd like to rearrange your face  
I'm gonna get mine  
Please dont wake me  
I'm gonna get mine  
Please dont wake me  
You're so sweet - [3x]  
I'm gonna get mine - [3x]  
Please dont wake me  
I'm gonna get mine  
Please dont wake me  
I'm gonna get mine  
I'll rearrange your face  
I'm gonna get mine  
I'll rearrange your face  
I'm gonna get mine  
You're so sweet - [3x]  
You're always right and I'm always wrong  
Not my mind  
That's why I love you so much

Not my mind  
You're so sweet  
Not my mind  
I love you  
Not my mind  
You're so sweet  
Not my mind  
I love you  
Not my mind...
