

Ode To M

Limp

I know this girl Monica
she's from Santa Monica
or somewhere from down there
She moved up here recently
and is very friendly
I feel special when she's near

You poor Monica,
I feel bad when you're sad
And you think that nothing's working out
My dear Monica, I'm really glad,
When you seem to be happy and a smile on
Your face

You think you've seen a smile
You haven't seen this girl's
there's nothing like it in the world
She seems to be down a lot
It brings me down a lot
but quickly passes with a smile

You poor Monica,
I feel bad when you're sad
And you think that nothing's working out
My dear Monica, I'm really glad,
When you seem to be happy and a smile on
Your face

If you ever get the chance You should spend some time with her
You could learn more about yourself
About this girl Monica
You gotta be careful
You'll find it hard to keep your heart
