

# Don't You Want My Love

Linda Davis

I told you that my love was true  
All along thought yours was too  
Now it just don't feel the same  
Tell me, honey, what's your game?  
I can't take another lonely night  
Wonder if we're gonna work out right

So don't you want my, don't you want my love?  
Darling, is it wrong to want you?  
To tell me and stop stringing me along  
Don't you want my love, don't you want my love?

I can read between the lines  
But baby, I can't read your mind  
So if it's time for me to go  
You'll just have to let me know  
Honey, don't keep treating me so cruel  
Don't you know I'll always be your fool?

Oh, don't you want my, don't you want my love?

Don't you want my, don't you want my love?  
Don't you want my love, don't you want my love?  
Don't you want my love?
