

Trippin' On Us

Lindsay Ell

Goodbye, heartache
Catch you on another day
I got better things to do
Than cry, cry
No, I won't
All my tears for you are gone
No more pain will I go through
Oh, oh, oh, oh

I had a good day
Sun shinin' on me
I met somebody
Got me trippin' on us
Trippin' on us

I'm thinkin' crazy things
I don't know what they mean
But I like what I'm feeling
Trippin' on us, trippin' on us
Trippin' on love

Cover Girl lipstick
Kissed right off my lips
Ooh, ooh, let's do it again
Lover's Lane all alone
Arm around me sittin' close
Sure like this feeling like this
Oh, oh, oh, oh

I had a good day
Sun shinin' on me
I met somebody
Got me trippin' on us
Trippin' on us

I'm thinkin' crazy things
I don't know what they mean
But I like what I'm feeling
Trippin' on us, trippin' on us
Trippin' on love

I had a good day
Sun shinin' on me
I met somebody
Got me trippin' on us
Trippin' on love

I had a good day
Sun shinin' on me
I met somebody
Got me trippin' on us
Trippin' on us

I'm thinkin' crazy things
I don't know what they mean
But I like what I'm feeling
Trippin' on us, trippin' on us

Trippin' on love
