

## To Know Your Name

Lindsay Lohan

know your name  
But I won't tell  
We must keep this secret well  
Privacy's hard to find  
Eyes are watching all the time

R:  
Everybody wants to know our love  
Everybody talks about our love  
Everybody wants to know your name  
To know your name  
Everybody needs to criticize  
None of them are even in our lives  
Everybody wants to know your name  
To know your name

Cant get out cant get through  
Need to be alone with you  
Must escape or are we allowed no part of privacy

R:  
Can the boys with the zoom give the girls just second  
See the man that I love needs a little sweet attention  
I don't want to seem harsh but this girl's under pressure  
I can't go through losing you again

Boy I need to breathe just one breath  
Walls are closing in so fast  
Privacy is hard to find, eyes are watching all the time

R: (2x)
