You did it to yourself!

I'ma be that nail in your coffin Sayin' that I soften I was duckin' down to reload So you can save your petty explanations I don't have the patience Before you even say it I know You let your pride or your ego Talk slick to me no That is not the way I get down And look at how you lose your composure Now let me show ya exactly how the breaking point sounds I wanna see you choke on your lies Swallow up your greed Suffer all alone in your misery Choke on your lies Swallow up your greed Suffer all alone in your misery What is it you want me to tell ya? I'm not a failure I would rather live and let be But you canme with the right kind of threat to Push me to let you Know you can't intimidate me You disrespect me so clearly Now you better hear me That is not the way it goes down You did it to yourself and it's over Now let me show ya exactly how the breaking point sounds I wanna see you choke on your lies Swallow up your greed Suffer all alone in your misery Choke on your lies Swallow up your greed Suffer all alone in your misery I wanna see you choke on your lies Swallow up your greed Suffer all alone in your misery Choke on your lies Swallow up your greed Suffer all alone in your misery [Bridge] You did it to yourself You did it to yourself!
