

Left abandoned and abused  
maybe i'm so confused  
take my chance and do my best  
better then the whole rest  
never change it's just too late  
we can't be friends well think again now  
I will realize my plan doing what I can

Never gonna chance never gonna chance  
fix me right and then  
we'll see what's coming on now  
take a little bit of this and that  
take a little bit of supersonic banners... make me so sad  
supermega tony vega like a beggar like on an easy chair  
I like it when you're so aware  
supersonic games supersonic games  
who's to blame who's to b...b...b...b... blame:

Big boy doubledecker makin' my heart go quicker  
it's a bad game-dreadful like migraine

To the ladies...  
I feel i'm sleepin' through the cracks  
two times ryhmin' on this track  
laughin' 'bout the thing we did  
another day so uninspired

Never gonna chance never gonna chance  
fix me right and then  
we'll see what's coming on now  
take a little bit of this and that  
take a little bit of supersonic banners... make me so sad  
supermega tony vega like a beggar like on an easy chair  
I like it when you're so aware  
supersonic games supersonic games  
who's to blame who's to b...b...b...b... blame:

Big boy doubledecker makin' my heart go quicker
