

## golden cities

Lisa Germano

Never ending  
Stories about finding  
Golden cities  
Pulling you away  
Say you will say you might  
Come around my room tonight  
As you're riding  
As you ride away  
Drugless tripping  
Everyone around is some how different  
This is how the story goes  
Say you will say you might  
Come around my room tonight  
As you're riding  
As you ride away  
Cause you're here some  
Then you're not some  
As you ride away  
Golden cities  
You are very lucky  
As you travel think of us occasionally  
Cause you're here some  
Then you're not some  
As you ride away  
And you're riding  
And you ride away  
Say you will say you might  
Come around my room tonight  
As you're riding  
As you ride away
