

## Up in the Air

Lisa Germano

Why rain so  
You too  
We mean well, us two  
You and me, and me and you

Why don't what we do  
If we would did what  
Me and you, and you and me

Excuses me  
Excuses me  
Why it's one simple  
All this life gonna hurt

We bring heart, us two  
We'll drown and wash away

Away, away  
It's going away  
It's going a go away

End of the world  
And as I tried  
What's one simple  
Have to shout  
Gonna hurt
