

It's Not Goodbye

Lisa Loeb

When the days grow short
Then the summer's done
Now a chill is in the air
I can't believe that the time has come
And that our last day is here
Tomorrow we'll go home
Today we'll sing our song
Together, together

It's not goodbye
But so long just for now
I'll be yours 'til the end
Don't you cry
Next July will come around
It's not goodbye
But "I'll see you again"

Fireflies and painted nights and the sound of your guitar
A summer breeze through the maple trees as we're swaying arm in arm
The photographs won't fade
They're memories we've made
Together, together

It's not goodbye
But so long just for now
I'll be yours 'til the end
Don't you cry
Next July will come around
It's not goodbye
But "I'll see you again"

Just remember that I'll be right here
We'll have summer each day of the year
Close our eyes and we'll always be near

It's not goodbye
But so long just for now
I'll be yours 'til the end
Don't you cry
Next July will come around
It's not goodbye
But "I'll see you again"

Make new friends but keep the old
One is silver and the other's gold
Make new friends but keep the old
One is silver and the other's gold
Make new friends but keep the old
One is silver and the other's gold
Make new friends but keep the old
One is silver and the other's gold
