

I Know You're Somewhere

Lisa Mitchell

Well you will never hear this song,
But I'll sing it loud and proud and strong
Dear you know there's time for us,
I haven't dreamt a night without you

Oh I hope you're somewhere having a good time
Yeah I know you're somewhere having a good time

And the sun it is a-changin', yeah the moon it is a-wanin'
Bow and arrow over shoulder, kindly take me with you darling

Oh I hope you're somewhere having a good time
Yeah I know you're somewhere having a good time

Oh I hope you're somewhere having a good time
Oh I know you're somewhere having a good time
