

Parade Song

Lisa Mitchell

Out on the street
There's a parade on
Fairy floss kittens paint your face on
Out in the wild
Through the gardengate
Out in the sun
There's a parade on

You must take your sweetheart
Hold hands through the gate,
Follow him in to neverland
Follow your fate
Inside the gate there's a parade on
Rosy-cheeked children and trinket box songs

Out on the street
Through the gardengate
Out in the sun
There's a parade on
