

## So Jealous

Lisa Mitchell

Well sitting on this bed I may as well be on the highway  
Ocean bursts its banks and all the waters goin my way  
Even though you're poison babe I wouldn't even hesitate  
This lie inside your head inside your little heart now

Well listen nothin fits, nothin rings a bell in my head  
Lightin up the fire and the citys painted blood red  
Even though you're poison babe I wouldn't even hesitate  
Just let it go I just I gotta get away now

I was so jealous, I nearly ran away, I was so jealous, I really  
couldn't say  
What was wrong with me, I had some bad disease, I was so sick f  
or you babe

Well I didn't mean to break it I was just having a look  
Oh I know I shouldn't touch I should've never picked it up  
Even though you're poison babe I wouldn't even hesitate  
Just let me go I just I got another chance now

So underneath the street lights, oh I found your broken pen kni  
fe  
No I don't wanna ask what, what you're doin by the wayside, oh
