

What Do You Know about Love

Lita Ford

You walk tall, you act proud
Leave the little girls cryin' out loud
You got it all, it's not enough
When it comes to love, babe you're outta luck
Yeah, I know I'm a fool
Tryin' to find a way to get next to you

I wanna tie myself to your bed of fire
But you'll only cut me loose once you had enough

Tell me, what do you know about love
Spreadin' yourself all over town
What do you know about love
There's a lot more to it than lyin' down

Your mind's tickin', your heart stop
Your eyes are ice cold, your lips are red hot
Little lies that you tell
Whispered like an angel straight from hell
Live wire, short fuse
Walkin' detonator in snakeskin boots

You're a bad mistake but I can't wait to make you
I'm gonna shake you from your sleepwalk in the dark

Hey, what do you know about love
With your dirty mind and your heart of stone
What do you know about love
You got a lot of friends but you're all alone
How can you run from the truth
Spreadin' yourself all over town
What do you know about love
There's a lot more to it than lyin' down

The day will come, you take a long hard look in the mirror
And your pretty face starts to look a little rough

What do you know about love
What do you know about love
How can you run from the truth
Baby, baby, run away, yeah

What do you know about love
With your dirty mind and your heart of stone
What do you know about love
You got a lot of friends but you're all alone
How can you run from the truth
Spreadin' yourself all over town
What do you know about love
There's a lot more to it than lyin' down

What do you know about love
What do you know about love
What do you know about love
