

I Got Happiness

Little Feat

I'm out here standin' on the corner
Guess I'll shuffle down the street
My baby's gettin' kinda tasty
Freedom, oh it can't be beat

Wayward lawd lawd
Wayward oh no
Wayward oh no no
I got happiness

You know pressure seems to get me
Travelin' with my hat in my hand
Lookin' for a hand out
Hand out in no mans land

Wayward lawd lawd
Wayward oh no
Wayward oh no no
I got happiness

I might be down, but down don't bother me
I'm on the green side of the lawn
You see, I'm still kickin' yeah

Don'tcha ever get to thinkin'
This trap of life is gettin' tough
I raise my hands and get to walkin'
Sometimes I think I've had enough
