

That's Her, She's Mine

Little Feat

She cooled my heels some time ago
Sent me reelin' when she chilled my toes
She stole my heart ya know, and she froze my eyes
Feelin' like this again is some surprise

She that kinda girl whose lovin'
I was meant to get
She won't drop no dime on me
No kiss and tell that I can see

Hey, that's her, and she's mine
Look don't touch 'cause lookin' I don't mind
See that girl lookin' so fine?
Ya that's her, and she's mine

I been rich ya know and I been poor
Been in love a couple of times before
I had to choose you know between the two
I'd take both, rich and in love,
I ain't no fool

When she starts to movin'
I begin to spin
She got that kind of lovin'
Always do me in

Hey, that's her, and she's mine
Look don't touch 'cause lookin' I don't mind
See that girl lookin' so fine?
Ya that's her, and she's mine

She's a tall drink of water,
And I'm such a thirsty man
She won't drop no dime on me
No kiss and tell that I can see

Hey, that's her, and she's mine
Look don't touch 'cause lookin' I don't mind
See that girl lookin' so fine?
Ya that's her, and she's mine
