

# Told You So

Little Mix

Da-dum, da-dum

Be honest  
How are you feeling, girlfriend?  
Have you been crying again?  
Just give it some time, breath out  
See I'm happy that boy was just playing pretend  
We said it, you wouldn't listen  
But finally, you found out

That he's never gonna love you like we do, oh  
But please, he's never gonna find no one like you, no

Girl, just come round mine tonight  
I've got wine and make-up wipes  
I'll hold you, I'll hold you  
We can put the kettle on  
Talk 'bout how he's not the one  
I told you  
But I'm never gonna say I told you so

To be honest  
His best friend was hotter than him (Yeah)  
His jokes were just lacking content (Yeah)  
But darling, you're better than  
Someone who lies and cheats to set the scene  
It's every week and every single club we've been in (Oh)  
He's with another girl again

Now you know that he's never gonna love you like we do, yeah  
Oh na-na-na-na-na-na, oh na-na-na-na-na-na  
Please he's never gonna find no one like you, oh, no, no, whoa

Girl, just come round mine tonight  
I've got wine and make-up wipes  
I'll hold you (I'll hold you), I'll hold you (I'll hold you)  
We can put the kettle on  
Talk 'bout how he's not the one  
I told you (I told you)  
But, I'm never gonna say I told you so

I'm never gonna say I told you (Yeah)  
I'm never gonna say I told you so (Yeah)  
I'm never gonna say I warned you  
But I'm just so glad that you know, that you know, that you know

Girl, just come round mine tonight  
I've got wine and make-up wipes  
I'll hold you (I'll hold you), I'll hold you (I'll hold you, yeah)  
We can put the kettle on  
Talk 'bout how he's not the one (He's not the one)  
I told you (I told you, no, baby)  
But, I'm never gonna say I told you so  
Just come round mine tonight (Baby, come around)  
I've got wine and make-up wipes  
I'll hold you (I'll hold you), I'll hold you (I'll hold you)  
We can put the kettle on

Talk 'bout how he's not the one (Oh, yeah, yeah)  
I told you  
But, I'm never gonna say I told you so, oh
