

Every Day Of My Life

Little River Band

With everyday of my life, I can surely see
Now where I am going, and everyday of this year
I can clearly see I ain't wasted any time, no time at all

With everyday of my life, I've tried so hard to keep it on goin
g
How can I keep it on going? But other people around
Keep on draggin' me down to the ground, drag me
Down to the ground, they don't know move too slow

With everyday of my life, I am slowly growing tired of excuses
And every question I raise, getting nothing but hurt
And abuses from your mind, don't mind at all
I don't mind at all, no no

Don't know why life's hard for us 'cause we sure do try
Forget your cares and worries, you know that we'll get by
Yes, we'll get by, don't need your help or sympathy
Ain't getting down on bended knee, sooner or later you'll disco
ver
Don't turn your back on your own brother

With everyday of my life, I can surely see
Now where I am going, and everyday of this year
I can clearly see I ain't wasted any time, no time at all
