

Suicide Boulevard

Little River Band

Dry your eyes, the drunks are laughing
The gigolos are buying drinks
You wrote a song, no voice can sing it
And no one cares what a loser thinks, whoa no
You've been wronged in every way
Your spirit's been badly scarred
You've lived your life too long
On suicide boulevard

So watch your step, night is falling
The runaways are walking home
You're party's dead, and you can't save it
Outlaw love you're on your own, you're on your own
You've been wronged in every way
Your spirit's been badly scarred
You've lived your life too long
On suicide boulevard

You've lived too long
You don't belong
You weren't that strong
So play your cards just right
You'll be a star tonight
And see your name in lights
On suicide boulevard

Dial a prayer, your answer's waiting
The angels they are number one
You've got a reason, to go on living
Final thoughts from a setting Son, the only one
You've been wronged in every way
Your spirit's been badly scarred
You've lived your life too long
On suicide boulevard
