

Time and Eternity

Little River Band

In time and eternity, living the life you please
Your brother is hurting, he's falling away from you
And if we have the strength, we can go where so few would dare follow
For we all have the power to do what we have to do
Time and eternity
Slipping away from you
Moving the mountains back
Time and eternity

So you don't understand anything I am saying
And you just never thought you could do anything to change
Then I'm here to remind you, we live altogether in just one place
And we're going as fast as the slowest one in our race

Time and eternity
Taking us somewhere new
Bringing the future back
Time and eternity
No longer can I live in silence
I have been here a long, long time
And the summer is almost gone
Eternity calls

Time and eternity
Slipping away from you
Moving the mountains back
Time and eternity
Time and eternity
Taking us somewhere new
Bringing the future back
Time and eternity

Time and eternity
Slipping away from you
Moving the mountains back
Time and eternity

Time and eternity
Taking us somewhere new
Bringing the future back
Time and eternity
