

The Urge To Splurge

Lividity

Wide awake in the night, I rip and tear with my knife.
Hooks of steel, razor blades, blood run red, panic stray.
Just past one I start my show, Pretty soon the blood will
flow. Gouging eyes, unborn shits, looking for a pregnant
bitch. Stalking my pray, lie spread out, gripping it
hard, for it is my life. Found my whore and she is sweet,
waited long enough for this fucking treat. O so round and
filled inside, my cock is hard, she is mine. I slit her
as I fucked her nice wet pussy, I love to eat. Tied her
up, show no mercy. YOU BITCH DIE!
