

Blak Out

Living Colour

Blak out
I really don't
Want to
Blak out
Gotta find a way to show you
See I
Can't wait
Forget about tomorrow
Cause I
Can't do what you want me to
So tell me how you like me now

Sometimes they misunderstand
Don't know who I really am

Right now
I'm really thinkin'
I could go out
Maybe, you can
Find out my intentions baby
You can't lock me out
You can't shut me down
No compromising
I won't let you take me down

Blak out
I really don't
Want to
Blak out
Gotta find a way to show you
Bout my life
Standing in the darkness
Got my
Finger on the trigger
Will somebody help me now

Sometimes they misunderstand
Don't know who I really am
Think God ain't got any soul
Feel like I'm out of control

Blak out
Really didn't
Want to
Blak out

Didn't really need to
Blak out
