

# The Reaping

## Living Sacrifice

A smile does the deal  
No matter if it's real  
Insincere prayer  
It will go nowhere

You pave the way  
For that sorrowful day  
Obtained all you want  
A deathly law you sought  
Forgotten covenant  
Forgotten part of remnant  
The words keep on changing  
Double-minded rearranging  
With a forked tongue  
Shifting lines, your neck is hung  
Oblivious to this life  
God given, glorious heights  
One kill does the deal  
No matter if it's real

You are reaping greed  
You are reaping lust  
Reaping covetous  
Reaping apocalypse

You are reaping greed  
You are reaping lust  
Reaping covetous  
Reaping apocalypse

You are reaping greed  
You are reaping lust  
Reaping covetous  
Reaping apocalypse

You are reaping greed  
You are reaping lust  
Reaping covetous  
Reaping, reaping, reaping apocalypse
