

Be Mine

Livvi Franc

I never felt this way before
The ceilings looking for the floor
Don't know which way is up any more
And you, baby its because of you
Boy I'm so in love, it's true
You got me thinking

Just for a moment
That your down for, down for
Don't you wanna be mine
Just for a moment baby just hold me hold me
Don't you wanna be mine, mine, mine, mine, mine
Forever baby, mine mine mine mine mine

My heart has never felt so free
Its surfaced cause your loving me
I'm falling off the edge for the first time
I'm never gonna hit the ground
Gravity cant touch me now
And you got me thinking

Just for a moment
I wanna be yours
The one that your down for, down for
Don't you wanna be mine
Just for a moment baby just hold me hold me
Don't you wanna be mine, mine, mine, mine, mine
Forever baby, mine, mine, mine, mine, mine
Don't you wanna be mine, mine, mine, mine, mine
Whatever it takes
I'll find a way for you to be mine

Don't you wanna be mine

Just for a moment I wanna be yours
The one that your down for, down for
Don't you wanna be mine
Just for a moment, baby just hold me hold me
Don't you wanna be mine, mine, mine, mine, mine
Forever baby, mine, mine, mine, mine, mine
Don't you wanna be mine, mine, mine, mine, mine
What ever it takes
I'll find a way for you to be mine
