

# Now I'm That Chick

Livvi Franc

Hi, my name is  
You wont remember  
Wait till December  
Cause you thought that I was pure as snow  
Guess you didnt know  
Hold tight, surprise, open your eyes its springtime  
Flowers blossoming, I am one of them, bet you like how Ive grown

Cause now Im that chick  
You'll never get to ah  
Cant get what you want  
So youre acting like a punk  
You were too fly then  
So fly away now  
Now Im that chick  
And you're just a clown

Why, should I even remember, back when you blanked me  
To put it frankly  
But now Im back  
I'm now attractive  
And youre not getting none  
Cause Im, not for the taking, Im not a bender, return to  
sender.  
I laugh at you even asking to, to get with me tonight.

Cause now I'm that chick,  
You'll never get to uh,  
Cant get what you want, so you're acting like a punk.  
You were too fly then, so fly away now.  
Now Im that chick, and you're just a clown.

Now Im that chick,  
Now Im that chick,  
Now Im that chick, and you're just a clown.  
Now Im that chick,  
Now Im that chick,  
Now Im that chick, yeah look at me now.

You passed me by, never looked twice.  
Now I'm the chick, you wanna be with.  
Isn't it so funny now, I'm the one to shut you down.  
Don't worry girls, if he didn't notice you,  
Hell soon he'll be begging to.

Oye, mamita..calmate  
I feel ya  
We all get burned  
Those who survive are the ones that learn (learn, learn)  
If it dont kill ya, make you stronger  
Pero no te ponga como una chonga  
Even though I aint gonna lie  
It turns me on a little bit when you act like a chick  
Mama I know what you went through was hard  
But the biggest chick is karma, let her do her job (thats right)  
Dont even stress these clowns, baby you a queen, heres the crown  
Enjoy yourself, you independent now (thats right)

They lose, and you winnin now (Thats right)  
Youre a shootin star, now let them know who you are

Cause now Im that chick,  
Youll never get to,  
Cant get what you want, so you're acting like a punk.  
You were too fly then, so fly away now.  
Now I'm that chick, and you're just a clown.  
Now I'm that chick,  
Now I'm that chick,

Now I'm that chick, and you're just a clown.  
Now I'm that chick,  
Now I'm that chick,  
Now I'm that chick, yeah look at me now.
