

Fantasize

Liz Phair

He's a friend of mine
Kind of special guy
He's a run-around

Hey, you've got to hide your love away!
I hear people are talking about us
And I just have to say
I lie awake every night
Thinking about you. I fantasize...
All around me people are changing

He's a special guy
Kind of sentimental inside

I hear people are talking about us
That's ok with me
Get it easily inside...
