

# X-Ray Man

Liz Phair

As far as I know, baby,  
You can see  
As far as I go, funky baby,  
Digging deep inside of me...  
(uh uh uh uh uh uh [x4])

As far as I know, sister,  
I'm alright  
As far as I know, funky lady,  
I'm coming home tonight...  
(you can see... through the smoke...)

You're an X-ray man  
You got X-ray eyes  
[L] This is no reflection on you which is what I see inside  
[R] Why don't you put on your two-way sombrero and leave  
(uh uh uh uh uh uh [x4])

You're an X-ray man  
You got white wall tires  
Iodine tan  
Cheap unpleasant desires

You're an X-ray man  
Got an X-rated mind  
You're not satisfied looking at me, you're always  
Checking out the girl behind

You're an X-ray man  
You got secret plans  
For me.
