

# Live and Let Die

Lizzy Borden

When you were young  
And your heart was an open book  
You used to say live and let live  
You know you did, you know you did, you know you did  
And with this ever changing world  
In which we live in  
Makes you give in and cry

Say, live and let die

What does it matter to you  
When you got a job to do  
You better do it well  
You gotta give the other fella hell

You used to say live and let live  
And with this ever changing world  
In which we live in makes you  
Give in and cry

Say, live and let die
