

## **(We are) the Only Ones**

**Lizzy Borden**

Rise Look around you  
Children of the night you are home  
Stand and be counted  
One for all and we are one  
We are the only ones

Scream Swear on your soul  
Dying to be reborn again  
Fight Revolution  
Live forever us vs them  
We are the only ones

Ride Now I told you  
Children of the night you are home  
Stand and be counted  
One for all and all we are one  
We are the only ones who know
