

Dark Days

Local Natives

Finally what you came for
Finally what you hoped to find
Racing home from her house
Looking out for black and white
Dark days in the summer
A million ways to tow the line
Can't wait
Holy other
Might as well be the seventh son

Ooh, it goes hand in hand with fear for the afterlife
Ooh, how can we fight it, fight it if we don't even know why?
While the dollar is strong
While nobody else relies
When they turn the corner
When you know we're out of sight
Dark days in the summer
In the rain the water's fine
It was wild
Combination
Either that or right down the line

Ooh, it goes hand in hand with fear for the afterlife
Ooh, how can we fight it, fight it if we don't even know why?

I've been on the way, I've been on the way, I've been on my way
for so long
I've been on the way, I've been on the way, I've been on my way
for so long
