

Sayin Hello

Locnville

Lets keep it basic
f**k who you came with
That shit you came in
Laced up and laced in

I mean hello
Just try to be fair
I tried to call
But I was 30 thousand feet in
the air

Where is the phone?
I need a connection
I need a tone and I need to
know if I'm dialling correct

Pick up the phone
I've been calling days and days
sayin hello

Out on the road
And its been a long time since
I've been home
Ho-ho-ho-home

But lately on the edge I find I'm
ten feet off the ground
I'll fly time and time again oh
oh
Time and time again sayin hello
Just sayin hello

Ho ho ho ho
Ho ho ho ho

I'm gon' text you, scrap that
Nudy, Snapchat and take a
picture of your body
Call me ASAP
I got some shit to show you
That shit that you need to blow
on both ways,serious so on me

[Parts missing]

Pick up the phone
I've been calling days and days
sayin hello

Out on the road
And its been a long time since
I've been home
Ho-ho-ho-home

But lately on the edge I find I'm
ten feet off the ground
I'll fly time and time again oh

oh
Time and time again sayin hello
Just sayin hello

Ho ho ho ho
Ho ho ho ho

Thanks for holding
Please leave a message
I tried to call back but I was
having bad reception
Its been a minute and I was
stressing
I tried to call back but I was
having bad reception
But thanks for calling
Now leave a message

Pick up the phone
I've been calling days and days
sayin hello

Out on the road
And its been a long time since
I've been home
Ho-ho-ho-home

But lately on the edge I find I'm
ten feet off the ground
I'll fly time and time again oh
oh
Time and time again sayin hello
Just sayin hello
